To,

Samridhi Kashyap

Subject: Offer of Engagement — HR Associate (AI & Competency Assessment)

Dear Samridhi Kashyap,

We are delighted to offer you a **live-project engagement** at the role of **HR Associate (AI & Competency Assessment)** with **MECE.IN**.

MECE (Method for Evaluating Corporate Excellence) is an ed-tech company reimagining placement preparation for Indian MBA and PGDM students. Our AI interviewer conducts live case interviews, challenges candidates in real time, and evaluates them across a six-dimension consulting rubric with instant feedback. The platform also offers a free casebook, daily GD briefs, guesstimate practice, a national leaderboard, CV Pointer Lab, and voice interview mode. The company is live, revenue-generating, and growing, with a lean, engineering-first team shipping fast and solving meaningful product problems.

Your Key Responsibilities

- Facilitating group discussions for MBA aspirants to assess behavioural competencies, communication, and interpersonal skills.
- Conducting competency-based mock interviews to evaluate placement readiness.
- Providing structured performance feedback and coaching addressing individual competency and communication gaps.
- Training and fine-tuning an AI interview model using behavioural HR questions, responses, and evaluation parameters.
